The weekly meeting of Willimantic Rotary club was held Tuesday noon. Brief talks were given by members and President Frank H. Poon gave an interesting talk on the Single Tax. Club Secretary Allen, of the New London Rotary club, and Roy W. Downer of Willimantic were guests of the club. Mr. Downer was called upon and responded, stating that he would be glad to do all that is possible to aid the work of Rotary in Willimantic.

James F. Data reported that the trip to Ocean Beach for the New York fresh air children had been abandoned but the children had been promised automobile rides during their last week in this vicinity. All the children were reported in the best of health and evidently enjoying their two weeks' outing. It was voted that at the meeting of August 2 the programme be arranged by the entertainment committee, and as no more speakers are scheduled to come to the local gatherings, the entertainment committee is to make a charge of programs for future meetings.

Secretary Charles W. Hill read a com-

munication received from the Chicago Rotary club, after which he passed around membership card cases given to the Chicago club.

James F. Data read an interesting report by Roger Babson, the great statistician, who warned merchants to lay in ample stocks of medium priced goods. The wool market, which is now below pre-war levels will advance in the fall. Prices on men's clothing and such stock have a bullish tendency. Anthracite coal shows signs of reaching former prices and the public is urged to buy now and not wait until winter.

Following a general discussion of Rotary programme the meeting adjourned at 1:30 o'clock.

Professor John J. Maddox, formerly principal of Windham High school, for the past four months acting superintendent of instruction at the University of Missouri, was unanimously elected to the office of Wednesday of last week, the position being for four years at a salary of \$1500 per year. Professor Maddox is the youngest man who ever held the office of superintendent of instruction at St. Louis. He is 44 and has been associated with the St. Louis school system for ten years. The board of education stated that they had been looking for a big man and having Professor Maddox, they felt that they need look no further. Superintendent Maddox is a graduate of the National Normal University of Lebanon, Ohio, and of Yale University. He began teaching at the age of 19 in the rural school of Campbell, Ky. His first salary was \$210 per month or \$2520 per year. For the school year, Superintendent Maddox is married and has one child, a daughter, Elizabeth Maddox, aged nine.

It was announced Tuesday afternoon that the San Silk department where fancy domestic thread is manufactured at the local plant of the American Thread Company is to be transferred to the Kerr mills of the company. In Fall River, several days machinery has been transported from the local factory to the Kerr mills. In making the change it is announced that the space formerly occupied by the San Silk department is to be used and new winders are being installed, the manufactured product to remain the same as that of fancy domestic thread, manufactured here in the past.

Seventy-five operatives, mostly women, are affected by the transfer. None of the operatives are to be taken to Fall River. Places are to be found in the departments of the local plant for all those affected by the transfer.

The San Silk department has been located in Holyoke and Fall River mills and several years ago was brought to this city. A part of the box-making machinery at the local plant is to be moved to Fall River, and will be sufficient to turn out the required number of boxes used in the fancy department of the Fall River mill.

A. B. Reed, a swimmer, and C. H. Camper, a "T" man, both hailing from Aurora, Ill., arrived in this city Tuesday afternoon at 6 o'clock and stopped at the Y. M. C. A. to catch the train before continuing on their way. The two not long ago started hiking from their home town to Boston, Mass., and after visiting their sister's home, coming through Willimantic. They intend to return to Rochester, N. Y., and then head south until they reach Louisville, Ky. The two men are equipped with light camping outfits, carrying neither tent nor shelter, but preferring to sleep in the open. Just off all the towns and cities the men have hiked through on their trip east is reported on the part of one of the hikers. They have already covered several thousand miles and have a long distance to go on their return trip home.

E. Irving Gould and Archer Knowlton, engineers representing the public utility commission, made their annual inspection of the eastern division of the Connecticut Company trolley lines, Tuesday. During the morning they covered the New London-Norwich line and the line and during the afternoon inspected the South Coventry line. The party left for Norwich by a special car shortly after 6 o'clock.

A wrecking crew from the East Hartford yards of the New Haven river was employed Tuesday morning placing a damaged car back on the iron at the lower end of the American Thread Company yard, just east of No. 4 mill off the main line of the Providence division. The railroad car, which was loaded with coal to the trestle and one struck the coal hoist belonging to the American Thread Company, resulting in its becoming deranged and crashing into the yard below. Workmen had forgotten to hook the boom clear of the trestle. The contents of the car was strewn about and the car itself was badly damaged.
